

KEEPING OUR BIG HEART GREEN

At Blue Moon, our business revolves around inspiring people. One of the ways we do this is by living and working sustainably.

5 Years Of Carbon Neutrality

DID YOU KNOW?

THIS YEAR'S CARBON OFFSET IS EQUIVALENT TO:

- removing 6 passenger cars from the road for a year
- the emissions made by 14 garbage trucks of waste
- the emissions made by 3 residential houses in year
- 65 barrels of oil
- Planting 23 acres of forests

2011

2015

176tCO₂e *Our carbon emission reduction over the last 5 years* 59tCO₂e

We offset our carbon footprint in a project that invests in energy efficiency lighting programmes in special needs and low income residential areas

*Free energy saving lightbulbs = reduction in energy consumed from South Africa's coal fired power plants

In 2014, we enhanced our offset activities by planting 30 trees at Sandton View School.
